

THE PYRAMID TABLE

The pyramid table in oak / worn ebony

DESCRIPTION

A geometric table informed by ancient Egyptian lines and country vernacular.

Made to measure to ensure your pyramid table is the perfect size. The simple, balanced design scales beautifully and works well in any number of spaces, both modern and historic. A smaller pyramid table can be further simplified with the use of just one V stretcher.

Our finishes further enhance the pyramid table's versatility, with lighter finishes giving a relaxed feel, darker finishes providing drama, and painted finishes providing a bold dash of colour.
